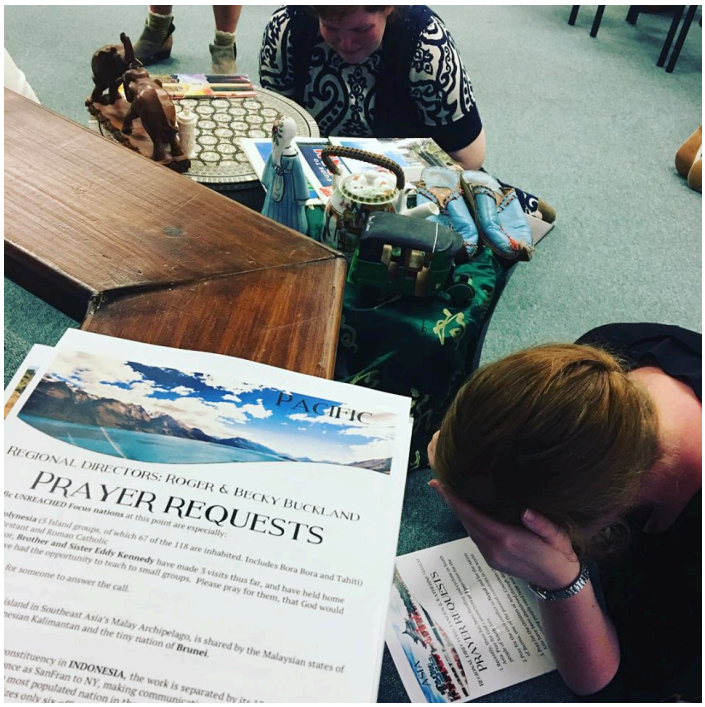
June Report

2017 Next Steps: Scotland

Melissa Baker



We spent the first three weeks of the month in some pretty life changing sessions. The last week of sessions we spent time praying over missionaries and countries all over the world. The last week of the month we spent cleaning and decorating. We helped the Kellys prepare for the Lifted concert and the HBC graduation. Before my group headed to Ireland, we began helping the Kellys move back from the school flat to their actual home.
