

**AIM Report for March 2017**  
Okinawa, Japan  
Supervising Missionary: Rev. Edward Hosmer  
**AIMers: Agustin and Hannah Martinez**

Praise the Lord! What a wonderful month March was. It's been a month of changes with the Pantons moving to Nago, but we are so excited to hear what God is going to do in Nago! We started the month off with our International Potluck and Faith Promise service which went very well.

We have been praying and really trying to reach out to our Youth and Sunday School. This month Hannah spent time and replaced all of the decorations in our Sunday School room and changed our theme. We are so excited to see that the book of Acts is our lesson plans It's been wonderful teaching them about the Holy Ghost and the first church.

We also took a Saturday and planned a youth day to celebrate the end of school. (Japanese school ends in March, and begins in April.) So, we planned a night of pizza, hot dogs, milkshakes, and a scavenger hunt. It was a wonderful time of fellowship, with two of the youth just joining since they turned twelve. Bro. Cameron Pye helped greatly with getting this event together. It was a fun evening, and we are planning to start doing this once a month to try and get them to bond together. It is our desire to help plant the next generation.

Another exciting report is that our life group on Foster has seen an increase in visitors. We recently had a Marine named Patrick come to Bible study On his third visit to the study, we taught on Jesus name baptism, and after the lesson we had everyone tell their baptism testimony about when they received the revelation of Jesus name. At the end of the study Patrick requested to be baptized this past Sunday. Also, at the USO, a young lady named Maribelle sat close us, and we could tell she was listening. We asked her to join and she declined, but she said she thought it was neat that she volunteers on Tuesdays and that we have a Bible study on Tuesdays. What she thought was coincidence we know is divine. We are praying and going to continue reaching out to her. Please keep Maribelle, Patrick, and the Foster life group in your prayers.

This month a man from Nago was baptized in the name of Jesus, and a young man from our area was filled with the gift of the Holy Ghost. We are so excited about what God has accomplished in the month of March, and we are expecting to see God work wonders in the month of April! Thank you for your continual support and prayers for the Martinez family and the works in Japan!
