Greetings from Japan!

May has been a busy month getting settled in and acclimating to life here in Japan. I landed just in time for General Conference where there was an incredible atmosphere of worship, and a hunger to go deeper with God. It's exciting to see the growth of the church here and the excitement as people realize God's glory and love.

From conference I travelled to Okinawa, settled into my apartment, and jumped right into teaching small groups and preaching; I even learned how to run the sound system for Sunday mornings! I've been working hard to learn the language and previewed a language school in the area; hoping to start classes in July. It's been fun reconnecting with the team here, and I'm excited to grow and learn more from them as the year progresses.

God is doing amazing things throughout Japan. It was reported that 9 were Baptized, 8 were filled with the Spirit, and several are training to start groups in their homes. The people of Japan are hungry for God and I'm excited to experience first hand the revival taking place! Please continue to pray that God will pour out His spirit on this nation.

Yours for the Kingdom,

Tricia Ball

Training saints to disciple others and share their conversion story. It's been powerful and encouraging to hear the experiences of these amazing people of God. They have a passion for their nation that is contagious, and they are ready to spread the Gospel to their friends and neighbors!

“And the things that you have heard from me among many witnesses, commit these to faithful men who will be able to teach others also.”
II Timothy 2:2 NKJV

Teaching Thursday night small group, and celebrating a birthday. I really enjoy these times of connection and worship.

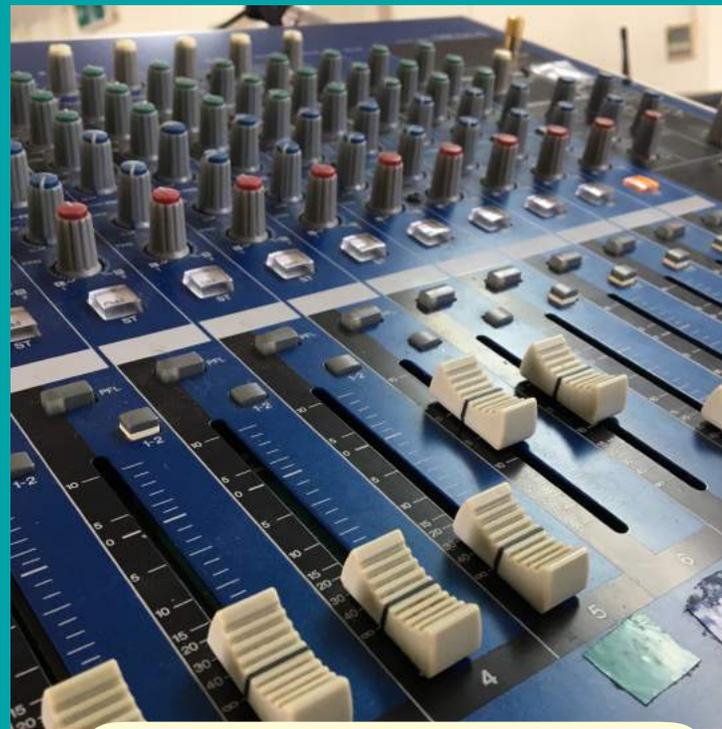

Praise Report!! I've been praying that God would provide a car while I'm here and He did just that! I'm so thankful for this car and the person allowing me to use it while I'm here. I'm amazed by the way God works, and thankful that He's in control even when we don't see/feel it.

Visa paperwork is in! Now we wait. Pray it comes back quickly!
