

Next Steps Training

First three weeks of training were life and thought altering

Interactive classes and devotional pushed me out of my comfort zone with speaking in front of people, team work and completing tasks in short periods of time. Prayer and missions sessions broadened my understanding of what it means to be a global Christian. I formed friendships and bonds with other like minded peers and also with our awesome instructors.

Week 4: Life after Training

Since the completion of Next Steps Training, we have been blessed to help New Life Church/HBC in various ways including: meal prep for graduation, leafletting and prep for concerts, and church cleaning. It was beautiful to watch HBC students and alumni sing and worship together at the annual concert.

finds to do,
