

NEXT STEPS 2017  
SCOTLAND  
***Brooke Roberts--June***

This month has been amazing. The first three weeks we were in classes. The classes were phenomenal. This last week we spent the week working for the Kelleys. Monday we had a concert at the lcafe. We spent the day preparing and going into the city center handing out flyers and inviting people. Tuesday and Wednesday we helped clean the church and men's dormitory in preparation for the end of the school year and the graduation. Friday finished cleaning and started handing out the flyers for the Lifted concert Friday night. We also prepared the food for the graduation on Saturday. Saturday was all about the graduation and helping serve then cleaning everything when it was over. Sunday we had church and there were several healed of back pain and the Holy Ghost just fell.
