2017 Next Steps: Scotland

The first three weeks in Scotland have been great. The Next Steps classes have been very informing, inspirational and just a huge blessing in gaining insight into missions and the missionaries. Being along side the HBC students has made this trip even more enjoyable and having their help and recommendations and things to do have greatly added to the experience. Out of the four services we have had I know of at least three receiving the Holy Ghost and being Baptized in the Name Of Jesus. Getting to meet so many missionaries in the areas and hearing their burdens for their areas has truly changed my life. I believe that was a very important part of the Next Steps Program.

After the three weeks of training it came time for the HBC student to get ready for graduation. Next Steps was asked to help clean the college and sanctuary. I know it was a blessing to the church to have so many of us here and to be able to take the burden from the Kelleys and the HBC students so they could concentrate on graduation. We also helped out with handing out flyers for a ICafe concert and some of the Next Steppers participated in signing as well.

We finished up the week cleaning and preparing for the concert the HBC students were putting on for graduation. They did a wonder job and it was great to see all the parents of the students come to support them and to be their for graduation. We helped hand out flyers for two days and the concert was an amazing show of talent and worship. Graduation will be tomorrow and we will be helping with setup and serving. It blesses me to know we are helping so much with all they had to do. Next week we slit up to go to our designated places and I'm sure God will being great things
