September 2017

MISSION  
MADRID

## TDV ANNUAL RECORD BROKEN!

### 200 RECEIVED THE HOLY GHOST THIS YEAR!

If the month of August in Madrid runs at a slower pace than most months, then the month of September certainly made up for it. The month started out with a very unique opportunity. *Tabernaculo De Vida* was invited by TBN of Spain to take one hour to promote the church at their local

TV station in Madrid. Eight ministers from *TDV Madrid* (including Corey) got a

chance to address a live audience and promote the different ministries of the church. Then one of our ministers preached for about 15 minutes from Acts 2. We

then took live prayer requests from the audience and had prayer over the air for the needs. The *potential* audience of the station includes all of Spain and also reaches into parts of North Africa as well as other surrounding European countries. The gospel was preached and the Oneness message was proclaimed – to God be the glory!

## HOW YOU CAN PRAY FOR US...

- The nation of Spain to **remain peaceful** during the recent Catalan crisis.
- **Natalie & Logan** in bilingual public school.
- All of us to improve in our **Spanish**.
- The **English church** to grow and see people receive the Holy Ghost and be baptized in the name of Jesus.

Continued on back

## FAMILY MONTH

The month of September at *Tabernaculo De Vida* is Family Month. We had focused prayer for our families and teaching on how to be godly husbands, wives, and parents. There were three babies dedicated during this month and Corey was privileged to hold and pray over a sweet baby girl during this service. We had a special "back to school" service, where we prayed over our kids and gave out prayer cloths and a gift to each child. At the end of the month there was a weekend Marriage Conference for the central region, with guest speakers from Argentina.

Another daughter work of *Tabernaculo De Vida* was launched this month in the city of Torrejón de Ardoz. We were privileged to attend the inauguration service. It was a packed house with standing room only! We are praying and believing with them for great things in that city! It's exciting to see what God is doing in Madrid and the surrounding areas!

## WHAT WE'RE UP TO

School started back in the middle of September and Natalie and Logan got their first experience in a Spanish public school. The school is bilingual - so some classes are in English, but the majority of them are in Spanish.

We also started language school. We have met people from many different countries including Japan, China, Germany, France, and Australia in our class.

Cell groups or "Rediles" started back this month. We have four groups in the English speaking district. Every week we translate the lessons from Spanish to English and teach one of the groups.

**THANK YOU FOR BEING A PART OF REVIVAL IN SPAIN THROUGH YOUR PRAYER AND FINANCIAL SUPPORT!!!**
