September 2017

This month, a precious lady from Church of Hope brought her friend from Dunfermline, plus family, to church on Sunday. That Wednesday evening, September 6, I began teaching a Search for Truth home Bible Study in her friend's home. We began looking for a hall as they were trying to invite others and we want this to be the foundation for bigger things in the town of Dunfermline. Just this week was our first Bible Study service in Townhill Community Centre. We had 6 in attendance, including one skyping in all the way from the Phillipines!

Lesson #1 in Dunfermline Home

Also this month, Edinburgh hosted a national youth event called Ignite. Almost 100 attended. The national youth president, Bro. Jimenez powerfully preached "Don't Bury Me in Egypt," and

two received the gift of the Holy Ghost for the first time.

Ignite altar call. Photo from Church of Hope facebook page.

There is more exciting news in Edinburgh as well – after renting a community hall for 14 years, Church of Hope have now leased a building of their own to use full-time! Praise the Lord for this miracle!

The past weeks have been devoted to setting up chairs, cleaning, decorating, building, organizing, sanding, painting, rearranging... and the finished product looks amazing. First service is October 1st.
