Senegal  
September 2017

Overall, this month has been a great experience. Senegal is very different than the other African countries I have been too; in that there is no established work here. However, it has been a real learning experience for me. I am so excited to be able to be a part of spreading the Gospel here, where there is so much spiritual darkness.

Here are some of the few things that I have been doing during this month:

1. We had our first service here in Dakar! There were seven people in attendance. Sis. Sully and I taught the Sunday school lesson to two children.
2. I worked with the missionary's wife, Sis. Sully, to prepare the Sunday school lessons for first few services. I have looked for activities that we can do with the children.
3. Putting books together for Africa Aflame, in multiple languages and styles.
4. Helping to create a calendar, and many other activities for the preschool that is starting at the church.
5. I am helping Sis. Sully type books into my computer, so that she can translate them in French.
