October 2017

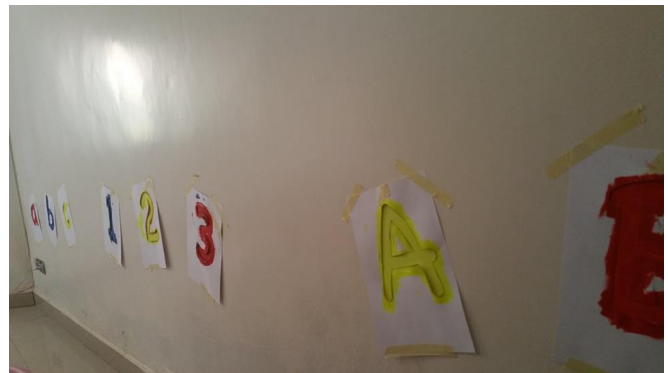

October has been another great month!

Here are some of the things that I have been working on this month:

1. We continued to have services. I have been helping Sis. Sully teach Sunday school. We continue to have two children in attendance.
2. A little earlier this month, I was here in Dakar alone for a week while the Sullys were in Poland for a conference. The Sunday that they were gone, I took a taxi to and from church. I taught Sunday school for the children. Then, I lead worship and preached.
3. I have also worked on putting the book of Acts together in French. I put together over 870 books! I have also bond many books for the Bible school that started this week.
4. I have also worked on making things for the preschool. Then, we also spent a day painting the preschool.

Left: Painting the wall at the preschool.
Right: An example of the one of the walls we painted.

Left: The little boy in our Sunday school class and myself with our tower of Babel that we built
Bottom Left: Working on putting together some of the 870 books of Acts.
Bottom Right: Teaching Sunday school
