

MALAWI

The warm heart of Africa

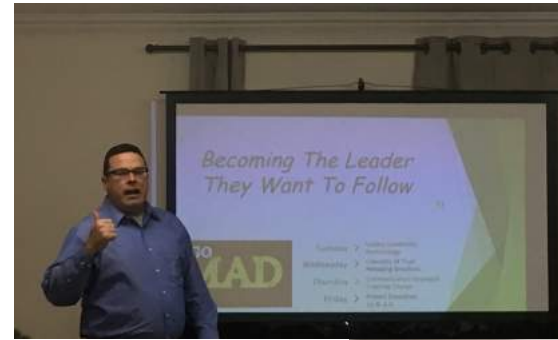

- This month I was able to travel with the missionary family to South Africa. I was also very privileged to attend the leadership classes during the vision for Africa coordinators meetings. I learned many new exciting things about leadership, and different tools in making a good leader.
- Also this month I attended the headquarters church in Blantyre. The Pastor asked me to say a few words in church. I shared with the congregation how old I was when I received the Holy Ghost and was baptized in Jesus name. I also told how God brought me to help here in Africa. That when you have a relationship with God and are obedient to Him and His Word He will take you to places you never thought you would go!

Quotes:

- Trust is the tool you use to build loyalty. If people know you care, they will follow you wherever you go.
- Great leaders are not the people who know all the answers, they are the people that ask the best questions.

Pastor Rick Lovell

Below is missionary Smoak, Carter, and Richardson doing a leadership exercise.

Pastor Rick Lovell. Teaching on leadership.
