

AIM to Ghana
Malorie Bovee
June 2017

On **June 12th**, we traveled to Togo for the West Africa Sub-Regional Leadership Conference. I was able to spend the week with the other AIMer's from West Africa. God orchestrated each lesson and each message for the people of Africa and for the missionaries. I heard multiple testimonies of how what had been preached related perfectly to what they had been praying for or trying to preach but hadn't received guidance on the way to.

{Praise Report!} **June 17th**, when we left Ghana on Monday, I was notified of an error on my Visa so we knew that we could face a little difficulty when coming back and crossing the Togo border. But with God before me, and praying Missionaries behind me, we met guards who knew there had been a mistake made and they were respectful and merciful. The song, "Waymaker" by Sinach was playing on one of the guard's phone that was processing my return to Ghana... I took this as a little reminder from God saying, "I am in your midst. I am making a way for you. Don't worry."

On **June 21st**, Bro. and Sis. Booth arrived!

On **June 24th**, ACTS had their graduation ceremony. It was so wonderful to see the families celebrate with their sons as they graduated from Bible College.

June 25th-

I had the opportunity to teach Sunday School in Medina! Jesus loves you!

June 27th, the Booth's and I went to Independence Square, the Black Star Arch and

June 28th began with traveling to the government school with Pastor Danso. When we arrived at 6:30 AM, the children were already there sweeping the courtyard or their classrooms, and preparing for the day. The morning began with devotion, prayer, and singing songs to God. For lunch, The Sisco's, Booth's and Sis. Carter and I went to Coco Lounge. They told the restaurant that it was my birthday and so the restaurant cranked their speakers and danced their way around carrying the most delicious brownie I have ever tasted. No place I would have rather spent my birthday!

A good picture of Allanah, Stephen and I.... after 5 tries 😊
