

AIM to Ghana
Malorie Bovee
July 2017

July 1st is Canada Day! With Canadian Supervising Missionaries, we celebrated Canada's 150th birthday with vegetable Inuksuks, and maple syrup cupcakes with maple syrup frosting... YUM! We had a picnic lunch at University Gardens, walked the rope bridges and watched Bro. Sisco, Allanah and Stephen work their way through the obstacle course.

July 2nd- This Sunday we attended the Dobro Church. Sis. Booth taught Sunday School and Bro. Booth gave a testimony of our one true God! He's alive and true! Thank you, Jesus! After the preaching, 5 received the gift of the holy ghost! The Dobro Church blessed all of the Missionary team with lots of fruit!

July 3rd the Booth's and I were off on an adventure packed day! We toured Elmina Castle in Elmina, Ghana. Then we were off to Kokum National Park to climb 250 meters to walk across canopy bridges. We then headed to pet a crocodile! Who knows what I was thinking.. even the tour guide said, "Be gentle, but also be quick but don't move too quickly.." from a very safe distance away... and I still pet it, why? 😊

July 4th- One of my favorite parts of Ghana so far, is market. All the wonderful curios are found here. Hard work and talent can also be found here. We started the American Independence Day with Market and ended with a BBQ, and wonderful company.

July 6th- Today we said, "See you later," to a wonderful couple. We were blessed by their company the last couple weeks!

July 9th- This Sunday I taught Sunday School at the Headquarters church! Knowing that I want to teach, HQ is a wonderful place to begin. These teenagers are brilliant. I believe they know more than I do. But I am always open to learning and am thankful for the experience to teach here in Ghana.

July 18th- Today, I said, "See you real soon," to my favorite MK's. Who bid me farewell with scaring the living daylight out of me. I love their pranks, even if I am the one they are playing them on. 😊 Today, I moved up North to Tamale with Sis. Carter.

July 29- Sis. Carter and I attended the beautiful homegoing service for Sis. Maggie. It was a wonderful service for a special Saint. We then traveled to Techiman.

July 30- Today we had the honor of attending the church in Techiman. This was a special day to work alongside Sis. Carter as she preached and I taught Sunday School and greeted the church before the preaching began. At least 10 were refilled with the Holy Ghost and 3 received instant healing at the altar call!
