

Greetings from New Zealand

November Recap

This past month has gone by quickly as I was given the opportunity to do some travelling within the nation. During the first part of November I was blessed to join Bro. and Sis. Addington as they travelled up to Whangarei to minister at Daystar Pentecostal Fellowship. We had an incredible service where God ministered to each heart that was there. We then travelled further north to fellowship with brothers and sisters in the Matauri Bay area. I continue to be blessed and encouraged by the hospitality and love that I have felt from the church in New Zealand.

Bro. Wayne Goodare, the assistant superintendent of the UPCI of NZ, held a leadership retreat for his local church leadership in Christchurch this month. I was invited to attend as an opportunity to learn and grow in my personal ministry. What a blessing it was to attend this tremendous event with Bro. Kaie Nawasa, minister from Fiji, as the main speaker. The leadership of NZ is driven with passion and excitement as they prepare for a great move of God in this nation. Also during my short time in Christchurch I was blessed to help deliver food parcels with Sis. Goodare through the organization 0800 Hungry. We were able to minister to several people that were not only physically hungry but spiritually hungry as well!

Outreach is happening all across the nation and just this month Sis. Goodare held ladies meetings throughout the nation promoting a new resource, Only One Name short bible study, which is having a big impact. Several that have gone through this short study have already been baptized in the beautiful name of Jesus! Grace Fellowship has been busy engaging in corporate outreach and has begun to see the fruits of their labor. We have a beautiful new Colombian family that has been attending since receiving a flyer that was delivered to them during weekly outreach. God is moving in New Zealand and I am so thankful to be here to witness all that is taking place!

Delivering food parcels with Sis. Goodare and ministering to the hungry. The man to the right said that our visit was an answer to prayers.
