

DRIGGERS- AIM TO SPAIN

“Go ye into all the world, and preach the Gospel...” Mark 16:15

Dios les bendiga!

It has been a busy month in Spain!

- We were joined by 2 more aimers in Barcelona for the next 3 months. Angela and Autumn are already a big help in the English church!
- AImer evangelist Landon Gore came and preached throughout Spain. Many received the Holy Ghost, including 2 people in the English church.
- We have had new visitors in our meetings in El Prat every week for the last month!
- We are meeting with 2 new families in El Prat, with the possibility of starting a second home group!
- We are seeing many new faces in the English/ Filipino church in the last month!

MANY RECEIVED THE HOLY GHOST THIS MONTH, INCLUDING MK LINCOLN HARROD

Exciting things are happening in Spain.... and exciting things are to come!

What an exciting month to report! First, in the beginning of February we made contact with 2 families in El Prat that are unable to attend our Friday night meetings but wanted to be a part! While sitting in the home of one of the families, the Lord began to move in their hearts. Afterwards, they informed us that the next time we come some of their coworkers' families would be joining us! The Lord is preparing a church in El Prat!

We are also excited to report that 19 received the Holy Ghost, and 5 were baptized in Jesus name in the month of February at the churches we are working at in Barcelona.

We have just completed our 9th month of AIM. Time is flying by! We are enjoying our time here working with the people of Spain. On an exciting personal note, we are extending our time here in Barcelona through July (trusting the Lord to provide support). We also have applied to return as Associate Missionaries in the coming fall!

We did not know what to expect when we started our journey in Spain in June, but we feel so blessed to be a part of the work, and we are excited to see doors continuing to open. Thank you for all those who support us financially and in prayer! We need your help to continue working in Spain!

God bless,
Jared & Jeanna Driggers
