**January 2018**

Near the first of the month, our Northern District Prayer Rally was held in Sunderland, England. It was a powerful time of worship and prayer for our local cities, churches, and ministry.

*Northern District Prayer Rally*

For the past couple of months, Church of Hope has been doing chain fasting, and it has resulted in some absolutely dynamic prayer meetings. Also, a couple weeks ago, we had a day of Youth Outreach, where the young people distributed flyers to houses near to the church building. I can't wait to see the souls that are saved as a result of these efforts.

We are now halfway through the school year at Harvest Bible College Part-Time. It has been a privilege to both teach and participate in the

administration and preparation side of things. One highlight for me was getting to meet a couple of the Skype students face-to-face at an event, and hear about the impact Bible School was having in their lives.

On a more personal note, January was moving time for me! I am now moved into a flat in Dunfermline, and I am trusting that, with the Lord's help, I will make connections here that will help the work to grow.
