AIM Report

NOVEMBER-DECEMBER

Many great things have been happening in Namibia. I am so grateful for what God is doing here!

-Sunday School Training Seminar.

-My parents came to visit. My father preached at the church in Walvis Bay, along with the church in Windhoek. At the church in Windhoek, 2 people received the gift of the Holy Ghost, one person was baptized in Jesus name, and one person received healing in their leg!

-My home church, Tyler Tabernacle, donated food and gifts to the children at the local orphanage for Christmas.

-While my parents were in Namibia, they put forth the funds for me to have my own vehicle while I'm here. When I leave, the vehicle will either be given to one of the pastors here or sold with the funds going towards building another church building in Namibia.

- At Windhoek UPC, we had a fun Christmas party with 6 new visitors! I look forward to seeing a large growth in our youth in 2018!
