

Miyako Aim Report

Travis, Craig, Associate Missionary
Preaching Point Miyako-Jima
Report of April 2018
travycraig@gmail.com

Greetings from Miyako,

I am pleased to report that God is still moving in Miyako. In the last couple months, I have been working side jobs, and as a result I was able to make a few new contacts. When my job came to an end I was able to invite one of the men to a BBQ/outreach event we hosted at our preaching point. We had a good turn out of about 10 people. But the gentleman that I was working with allowed us to give our testimonies and minister to him for a while. After that he has agreed to letting us give him Bible studies in our next meetings and times of fellowship. We were also able to share some of God's Word with a few of the other guest which resulted in more meetups and more fellowship.

Unfortunately, we have not had any baptisms in some time nor anyone being filled with the Holy Spirit, but its ok. God is in control and I'm expecting more increase soon. Japan is still full of men and women who have never heard the Gospel message and soon they will hear it, God is doing great and mighty works here in Japan and I look forward to the plans God has in store for Miyako.

Bro. Craig
