In March, we had another International Sunday at Church of Hope. It was a great time with around 10 nations represented and lots of food from around the world. I brought a taste of Canada with Nanaimo bars and Timbits.

April opened up with a great time at National Women's Conference. The theme was Health & Wholeness, and Sis. Wallace was the main speaker, delivering several anointed and practical messages.

Planning has begun in full force for the upcoming Apostolic Youth Corps coming to Scotland. Although it will be a busy time for us, we are excited about all these young people seeing the nation and getting involved in prayer, outreach, and ministering.

APOSTOLIC YOUTH CORPS

It was a pleasure to have Sis. Hayes from Fredericton, New Brunswick to come visit me for a week, and to be able to show off some of this beautiful country!

We have also begun a Bible Study with a young Spanish lady named Nohemi, as well as meeting with a couple of Jehovah Witness youth to discuss God's Word.
