Sis Sarah Mock

I am excited to share that I have had a field change from Berlin, Germany to the headquarters church in Vienna, Austria, under **Pastor and Sis Pace**, where I will be serving as the Campus Ministry Coordinator for the German Speaking Nations. I am thrilled and humbled for this new change and excited to see what God has instore for our universities in Germany, Switzerland and Austria!!! Campus Ministry has been my focus and burden for the last 8 years in America and Globally so I am excited for this new season!!!

The last few months there have been many God ordained appointments in Florida, Missouri, Minnesota and North Dakota! I started officially fundraising beginning in March in my home state of Florida! *Every church gave a sacrificial offering as well as 90% of the churches over that month became a Partner in Missions!* It is an honor to have the Florida district passionate and willing to share the great burden of reaching our next generation of teachers, preachers and souls winners! Thank you to Global Missions Director Pastor Daniel Kyle for allowing me to fundraise in Florida!

After fundraising in Florida, I was a privilege to go on the behalf of **Bro and Sis Showalter** to represent **Global Campus Ministries** at headquarters in St. Louis MO.

It was an incredible and amazing weekend! Working together with **Campus Ministry International** under the incredible leadership of **Kaleb Saucer**, working together to develop videos and curriculums to help students have the tools to reach their universities.

We had incredible meetings as well as prayer meetings with tongues and interpretation for our universities, not only in America, but GLOBALLY! This is the time to reach universities students here and abroad and I am honored that you too have been willing to also be a part of this next great revival!

After Missouri, the Lord opened doors to be able to fundraise in Minnesota. It was a privilege to be with the **Apostolic Bible Institute, the Grants, and the Kirks**. Thank you for your sacrificial giving, prayers, and partnership and thank you to the wonderful **Plappert family** for their hospitality! We were able to raise multiple PIMs and sacrificial offerings!

The state that truly meant the most to me; North Dakota!

To make a very long story short, if you have been a partner over the years you could remember back in 2015 to when I was arrested in England; While I was I arrested Bro Robinette had Pastor Chuppe's church in Bismarck, North Dakota intercede for me. Tongues and interpretation went forth and it went like this "*My hand is on her what the devil meant for bad I am using for good*" and HE DID! We were able to share the word of God with the guards who were holding me!

All glory to God!!!

It was amazing and an honor to finish the testimony with **Bro and Sis Chuppe's** wonderful church as well as **Pastor and Sis Simon's** church in Dickinson, North Dakota. It was truly an honor and a privilege; It was finishing a chapter in our AIM story!! Sincerest gratitude to **Pastor and Sis Chuppe** for allowing me to come and testify in North Dakota.

In less than 2.5 months, with incredible help, we have been able to raise a year's budget, multiple PIMs and many prayer partners!

I am presently 7 PIMs away from our goal!

I am back at my home church in West Palm Beach, FL applying for a visa and will be planning on returning to Vienna, Austria in September!
