May / June 2018

On the 26th of May, 36 young people ages 16-24 arrived in Scotland, along with their chaperones Bro. and Sis. Reinking, Bro. and Sis. Smith, and Sis. Keller. Having the Apostolic Youth Corps (AYC) here travelling around the nation has been such a blessing.

“The Search for Treasure” and astronauts in “Out of this World”.

Luna lets her light shine to her fellow astronauts as she helps a star to shine brightly again.

Each Sunday that they were here, we gave the Children’s Ministry team the outlines for “Super Sundays” and they really ran with it, acting as pirates in

Each service they have been in, they have ministered in music, choir, and delivering the Word of the Lord, as well as morning devotions each morning.

Waves of the Holy Ghost swept through our services.

One-Eyed Will tells the crew what the map says they must do.

We took them sightseeing in Edinburgh to the Edinburgh Castle, Mary King’s Close, St. Giles Cathedral and the Royal Yacht Britannia. We fed them Scottish meals and shared local customs. They toured Wallace Monument and Stirling

Castle, the People's Palace of Glasgow and observed the beautiful Scottish countryside on some long coach rides.

We sang, prayed and handed out flyers in the town of Inverurie. The church there, pastored by Bro. and Sis. Lindsay, gained some much needed exposure and even in the restaurant, locals were visibly touched as we welcomed in God's presence. They also did very similar street evangelism in the city of Elgin, and in Edinburgh, they did prayer walks and passed out tracts.

AYC choir ushers Inverurie into the presence of God.

In Glasgow, we served the community in homeless outreach, prayer walks, and litter pickup, received a tour of Harvest Bible College, and had service

AYC teamed up with HBC students to bring food, drinks, and love to the homeless people of Glasgow. Photo Credit: Ashley Smith.

that night. Altar call went beyond the walls of the church and continued for the hour-long coach ride back to the hotel.

The last day they were here, we had our International Day. Church of Hope gave them a taste of our multi-cultural culture with food, dress, songs, and scripture from around the world.

Mexican, American, Indian, Canadian, Arab, Filipino, Scottish, Fijian, and many more not pictured... celebrated together.

All the planning and preparation that went into this event was completely worth it. It has been incredible to see the impact that each of these young people have made as they ministered everywhere they went and also the burden that they have shared in for this nation. There has been tears, laughter, and many seeds sown. I am beyond excited to see the fruit of their labour and also where God takes them in their own callings.
