To Whom It May Concern:

It is with great pleasure that I write this letter of recommendation for Rev. Vasyl Tomyev. I have known him and his family since the year 1994. My wife and I have had many occasions to be with Rev. Tomyev and his wife on the missionary field. We have worked with them and their sons since that time and our relationship continues to this day. Rev. Tomyev is a very well-known and well-regarded minister in Eastern Europe. For more than 20 years he has labored for the Lord in Ukraine and in other former Soviet countries. He has a great reputation amongst the brethren in these nations and an influence that continues to this present day. Rev. Tomyev is a true Oneness believer who is faithful to the doctrine of the Oneness of God, baptism in Jesus' name and holiness. This is the message that he preaches and believes and is the message that he has passed down to his children who are all in the ministry and all faithful to this same message. As the Area Coordinator for the Former Soviet states and the Baltic nations and as the supervising missionary for the country of Ukraine it is my strong desire that Rev. Tomyev and his wife be back in the nation of Ukraine as soon as possible. His ministry and influence is greatly needed. I am confident that Rev. Tomyev and I will continue to work in harmony for the continued revival in the nation of Ukraine. For this cause I give my whole-hearted recommendation for Rev. Tomyev.

Respectfully, Rev. Ray Nicholls
Area Coordinator and Supervising Missionary to Ukraine

Greetings friends and partners in mission,

In the past six months we have traveled over 12,000 kilometers to eight different cities and 14 preaching points. We have had the opportunity to meet with 28 pastors, and to minister and preach the Gospel to over 800 people.

God is opening doors to old works that were lost as well as new cities and preaching points all over Ukraine. Our time in the field so far has been crucial for laying a foundation for all God is going to do. The Harvest Is Truly Plentiful!

Just recently we traveled to the city of Uzhghored in the Zakarpatska region of Ukraine where we met with representatives and pastors from five churches. We stayed there for two days teaching on methods of evangelism and the apostolic church in the book of Acts. We also met with two key pastors from that group and they desire to see change, to do evangelism crusades and they are open to Bible Schools. Please pray with us for a move of God and revival in the Western region of Ukraine.

Our Thanksgiving Day was spent driving over 520 kilometers to the town of Kostychany, which is also in Western Ukraine. Our total travel distance was over 2,000 kilometers, since we visited other cities on the way there and back. We missed being with our family on Thanksgiving, but driving almost eight hours through snowy mountains and difficult terrain was quite an adventure. We spent two days there teaching a bible study to 12 people on the importance of Apostolic doctrine, baptism in Jesus' Name and Holy Ghost baptism. The people desire to know more about Jesus' Name baptism and want to receive the Holy Ghost. We are praying for God to open a door for us to return to Kostychany in January to establish a new church.

People are receiving the Holy Ghost and miracles are happening. However, with 45 million people and so few works the need in Ukraine has never been greater. We greatly need people and churches to continue to partner with us in this great field of harvest.

If you would like to resume your support to help us stay in Ukraine please contact Global Missions, or simply fill out the form attached.

Again, we thank you for your prayers and financial support. We pray that God blesses you for your investment in His Kingdom.

SO FAR IN 2018

Since the beginning of the year we have met with seven different pastors, ministered to over 200 people and established one new preaching point.

We've traveled over 7000 kilometers to five different cities. Couple times our car broke, was towed, fixed and back on the road to continue our ministry.

God is opening doors to old works that were lost as well as new cities and preaching points all over Ukraine. There are 45 million people in Ukraine with just a few apostolic churches. The Harvest Is Truly Plentiful!

At the end of July we are launching a new church in Kostychany, Western Ukraine.

There are hundreds of hungry souls waiting for us to come.

June 8-10 we will be having regional oneness conference in Odessa. Please pray for this conference. It's an opportunity to gather together many oneness groups and churches from all over Ukraine!

July 10-13 Kiev will host first European Middle East Youth Congress. We expect thousands of young people from different countries and from different parts of Ukraine!

Dear Brother in our Lord Jesus Christ!

We greet you with the precious and great name of our Lord Jesus Christ!

It is an honor for us to serve our Lord Jesus Christ and be under your leadership and also be a part of millions of brothers and sisters around the world!

It is also an honor for us to serve Russian-speaking people from the former USSR and especially in Ukraine. We very appreciate every partner, every church and pastor that support this work in Ukraine! Thank you very much!

For total of 1 year as we are here, we've traveled 19,000 kilometers preaching in more than 8 different cities, churches. We met with up to 30 pastors and leaders making contacts throughout Ukraine. People are hungry for truth!

At the end of July we are launching a new church in Kostychany, Western Ukraine!

We desperately need your prayers and your support to be able to stay here on location to continue to spread the Gospel and open churches throughout Ukraine.

We sincerely appreciate your prayers and your support.

Thank you very much!
