

# June 2018

# Crusades!

This month was a busy one, we started out in the west at regional conference and had a strong move of God. Many hundreds received the Holy Ghost during this conference. We also got to indulge in some traditional Malagasy food, and that is always a treat! After that we headed back to the the capital to prepare for the YOM team. While they were here we had an amazing crusade with over one thousand receiving the Holy Ghost as well as many miracles. We are excited to rest a little during July as we travel north for the final regional conference.
