## June 2018

Week One: I arrived late on June 10th, which would be the beginning of week 2 for the team, so I joined them in prayer and fasting after 2 days of rest. I began the fast on Tuesday, and began prayer walks around the city (discerning spirits and doing spiritual warfare) with my partner on Wednesday. We ended the fast on Sunday with a service we had with Kyle Christian, feeling victorious about what God was already doing and what He is going to do in this beautiful city.

Week Two: For me, week 2 consisted of 30 hours of RBD training with Abigail, and I began evangelism with my partner on Thursday, June 21st. This week we began to frequent places, and began establishing connections with people we encountered at places like coffee shops and/or stores. This was a rough week for me because I was not yet accustomed to being out so much, and was still doing my best to adjust. However, God dealt with my fears before the week came to a close.

Week Three: We went to the celebration service in Riga, where 3 people received the marvelous gift of the Holy Ghost. On Tuesday, June 26th we had an accountability meeting with Bro. Erickson, where I was prayed over by him and my teammates, and we also had training with Mark Shutes on this day, which was all life changing. We met a young man named Matīss at a bus stop on June 27th, and established a contact. The RKR students came and we evangelized together. We had service together on Sunday, July 1st, and had an amazing move of God!
