- We traveled from Ventspils to Riga to go to the monthly celebration service. During the service, we saw God fill people with the Holy Ghost and healings take place. It is amazing to see the work God is doing in Latvia. The team stayed in Riga another day and completed a day of training with Mark Shutes and the RKR students. God showed up in a mighty way. After returning back to Ventspils, the RKR students came and did evangelism with the Ventspils team and we had a service for the AIMers and God moved in all of our lives.
