

First Week in Zurich, Switzerland

The first week that we were here in Switzerland was a week full of adjustment. We tried to stay busy and fill our days with sightseeing and prayer walks. Megan and I had the opportunity to visit Uetliburg, Switzerland. From there we had a view of the whole city of Zurich. We both prayed over the city and believed that God was going to be with us. We also did a prayer walk at the local university.

Second Sunday

Our second Sunday here we had a group from Milan, Italy. Rev. Santos gave a very stirring message and I left feeling encouraged.

Wednesday Basel Bible Study

Our first Wednesday night bible study in Basel, Switzerland was full of good fellowship and the presence of God. Two weeks after this photo a woman was filled with the Holy Ghost!

AMTC in Aachen, Germany

The next week we went to Aachen, Germany to help teach at the AMTC training being held at a previously Trinitarian church. We made friends with the Pastor's daughters as well as other young ladies in the church.

Weekly Blessings

We arrived back in Switzerland last Sunday around 8:30 a.m. That evening we were blessed to have Rev. Giacalone and his group with us. We sang some songs in Italian and he encouraged us to keep lifting up Jesus.

June 26, 2018 we did a prayer walk around the church. We also visited a nearby town called Rapperswil. A few days later, on Friday, we all prayed together and went out to a park to try and make connections with people. Our goal is to go out in public each week with prayerful intentions.

This Sunday, July 1st, we visited the African church that meets a few hours before us in the same building. The Pastor of this church had been baptized by Bro. Hultman and also received the Holy Ghost. We were able to meet Bro. David, who was teaching on why Jesus is the Messiah. Following our service we had ice-cream with sweet Sis. Pat from Canada.
