

July 1st– 7th: We celebrated the 4th of July with our Team Family. I am enjoying being taught RBD and learning new ways to further my ministry.

July 8th-14th: We had our first game night where we had 14 visitors! Tyler Flemon visited us and cooked us fried chicken and preached our team service on Sunday! And then Ashli Gaddy visited us and we enjoyed the company.

July 15th-21st: Bro. Mark Shutes visited our team and we had meetings with him and several RKR students. We were so thankful for the encouragement and vision for our futures.

July 22nd-28th: We have been deepening our friendships with our contacts, which included these little scooters and a ride through the woods. This weekend there was a Fisherman's Celebration and we connected with five different churches at a park concert they were holding.

July 29th-31st: God continues to heal my spirit as I allow Him to. I am utterly amazed by who He is and how pure and never ending His love is. I am so glad He saw something in ME!

This month I was able to reconnect with my childhood bestie, Aleksandra McKinnies. It is amazing that we both ended up in Latvia after so many years apart.
