

Miyako Aim Report

JULY 2018

Greetings from Miyako,

July has been a good month on the field, we have had woman named Makiko coming to our morning and evening services as well as our cell group on Wednesdays. This month we have gone into people's homes and been invited to pray for their sick relatives and with the invitation were able to make more contacts and interact with their families more. I have been able to do Bible studies with several new people that had never before had any kind of Bible study. Our church services on Sunday though small are full of Gods presence and we know God is with and His will is starting to take shape in many different areas.

We didn't have the privilege to get anyone into the waters of baptism this month but were able to make more contacts. We know revival on this island will only be born through prayer and we are praying and waiting on Gods timing. We look forward to what God has planned in the near future and anticipate baptisms and the infilling of the Holy Ghost to be mentioned in reports to come. Thank you all for your continued prayer support and all the hard work you do at HQ, God bless.

Bro. Craig
