Friday Night is Youth Night!

{On Left} Missionary Amber Davenport and I have just begun working with the Youth of Fidjrossé! The Fidjrossé church is full of wonderful youth and hyphen aged individuals and we have been privileged to get to know each of them! They even surprised us with Amber's favorite drink after our first class.

On Saturday, Missionary Danan Benson was ministering to the Ladies of the Atlantique Region called "Why do our children grow up and leave the church, and what can I do?" The ladies of Benin had requested that Sister Benson teach on this subject as they are a very family oriented culture.

Working Miracles & the Ghana Jubilee Celebration

On the Friday before I left for my third AIM trip to Benin, I found out about the Jubilee Celebration in Ghana. I had not planned on this trip as far as expenses, so I informed the Benson's I would not be able to travel along with them as I would have needed to get two travel Visas, which usually take 2-4 days to complete. When I landed at the Paris Airport on Monday afternoon, I received a call from the Benson's. Someone was willing to pay for my hotel expenses and provide an allowance for food! Praise God! The Benson's had talked to the Ghanaian embassy in Cotonou, and they agreed to rush my Visa and have it finished in 24 hours as well! I landed in Cotonou Monday night, and was at the Ghanaian embassy first thing in the morning to apply for the Visa. We left Cotonou on Wednesday morning, purchased a Visa at the Togo border and were in Ghana by Wednesday evening. 5 countries in 72 hours!

{Pictured above left and bottom right}

One year after #AYCBenin2017 held a 3-day Crusade in Calavi filled with anointed preaching and sincere worship, I was able to return and see God continuing to bless the church that was planted out of that revival! Brother Blaise, who is a student enrolled in the evening classes at Hevie, is the director of this church. We were greeted by smiling faces and much laughter!
