

# Latvia AIM Report

## Rachel Brush - August

- First week - I arrived in Latvia on the 9th of August and was driven from Riga to Ventspils by Sander who was coming down to spend the day with our team. That week I got to meet some of the contacts the team had already made, we even got to spend the day visiting a nearby city with one of them. The Erickson's also came down to have lunch with us one day.

- Second week - We said goodbye to Molly, Andy, and Andrew as they returned to America to start their semesters at Bible College. I started my RBD (Revival by Design) training and went through the first 7 lessons. I continued to meet up with the contacts we have made here.

- Third week - We finished up my RBD training over the course of this week. We went to Riga for the celebration service, we also spent Monday in Riga and spent the time hanging out with our friends there. We also said goodbye to Paulita as she returned to the states.
