

Latvia AIM Report

Vision Ventspils

August 2018: Paulita Hernandez

Week One: We had our regular RBD training, team meeting and team prayer meeting. Malorie and I talked to three Jehovah's witnesses and continued to run into one of the older ladies (who is deaf), named Fana- praying we are able to communicate better with her soon. We had a 24 hour fast, spent time with 2 of our contacts and had a friend from Riga come and visit us. We continued evangelizing everyday.

Week Two: We again had RBD training, team meeting and team prayer. We spent a lot of time with our contacts this week, which were Elena, Tamila and Kristis. Friday I had an accountability meeting with Abigail, which we spent talking about my plan/goals for what came next.

Week Three: We finished RBD 1B, had our final team meeting/prayer meeting before 3 of the AIMers left. I spent a lot of this week with Rachel (the newest addition to the team at the time), where I was able to talk about and show her what we did and how we connected with people in our area. On Friday Rachel and I spent time with our contact/friend, Tamila and we had the God conversation, which she initiated by talking about her belief system. We discovered she was very open, however, she is very open to many beliefs- so I am praying that God would continue to lead and direct our path in conversation with her.

Week Four: We had team meeting and team prayer. We spent time with contacts this week, including Tamila, and we continued evangelizing. We were invited to a Latvian home group on Thursday where we had service in Latvian, English, Russian and Portuguese. It was wonderful!! To me it was a testament of how hungry people are for God, and for a move of His Spirit. I attended my final celebration service in Riga, Latvia and headed back to the States on the 29th of August.
