MONTHLY NEWSLETTER

"Declare his glory among the nations, his marvelous deeds among all people."

Psalm 96:3

Greetings!

God has been doing amazing things here in Japan! This past month we saw many healed, physically and emotionally, and several filled with the Holy Ghost in our camp meeting and evangelism services. Deaf ears were opened, and pain left bodies as God built faith in His people. His power fell so greatly at camp, many callings were realized and a fresh burden for Asia fell on those present. A shifting took place in our hearts, and we returned to our churches with new perspective and purpose.

I'm so thankful for what God is doing in His people; I believe the faith of the church of Japan has been brought to a new level as we move forward in God's anointing and plan for Japan.

For the Kingdom,

Tricia

It was so great to have a team here from Malaysia to minister at our missions conference and camp meeting. God did many miracles, and blessed all who were able to attend. The power of God was so strong, everyone left changed.

In our recent missions Conference, Faith promise increased 7x from previous giving. The Japanese have a passion for souls within Japan and beyond!

Had a wonderful time connecting with Konomi and Saya while I was in Okinawa, and celebrating their coming baby girls!

God has opened a door for me to connect with people here in Fukuoka and share with them who God is! Please keep Hisa and Ryoma in your prayers and we continue to connect with them and their coworkers.

PRAYER FOCUS:

**For doors to continue to
open with Hisa and Ryoma**

**Fukuoka
-strength for the team
- God to release His
presence and open the
right doors of influence in
this city.**

Thank You

**For your continued prayer,
encouragement, and support. Your love
impacts the Kingdom and is making a
difference here in Japan. Thank you!**
