

Miyako Aim Report

Travis, Craig--Associate Missionary
Preaching Point Miyako-Jima
Report of September 2018
travycraig@gmail.com

Greetings from Miyako,

I am thankful to have the opportunity to report God is still working in Miyako. I have such a desire to give a report full of baptisms and people being filled with the Holy Ghost but I'm realizing more and more there are seasons in which God works. So, I'm thankful to say God is faithful in what has been started here in Miyako. We are having consistency with certain individuals who will make it to all of our meeting's ON TIME with expectation for a move of God. We are still going out and making new friends with the people on the island raising awareness of our church and the location as well as preaching the Gospel to anyone who will listen. The English classes that we teach have turned partly into Bible studies and seeds are being planted.

We are staying committed to see God do a Mighty work in Miyako which I believe will be a key point to reaching the rest of Japan. Thank you all for your continued support always, God bless you all at the HQ.

Bro. Craig
