

# Latvia AIM Report

## October 2018 : Abigail Trapani

### Vision Ventspils

- We had an evangelism workshop and learned more about evangelism and how to overcome the challenges we face. We had practicum , talked about the gifts of the spirit and how to pray with someone to be healed and how to pray for them to get the Holy Ghost.
- We now have over 100 contacts in our city.
- We have been focusing more on an area of our city called Parventa. It is the part of town that has a lot of gypsy people .

- We met a group of Jehovahs witnesses.
- God has opened many doors for us to meet different groups of people through them.

- I lead worship for the first time in Latvian.
- We had our October Celebration service in Riga.

- I started teaching RBD course 2 to the team.
- This month we have focused on intercession and spiritual warfare.
- We are still meeting twice a week with the local gypsy church for their services and we have met many new people there.
- We have made many Russian contacts this month so we are working on trying to learn some basic phrases in Russian.
