

Latvia AIM Report

September 2018 : Abigail Trapani

Vision Ventspils

- Andrea and Christa arrived and we got them settled in.
- I trained Andrea and Christa with RBD course 1A, then they spent 3 days doing prayer walks and fasting.
- I spent a couple days at Mark and Robin Shutes house and had meetings and some training.

- We had Speka conference and people from several different countries were represented there. We had a mighty move of God the whole time.
- We met a gypsy pastor in Ventspils at the conference and we were invited to come to his church and testify. We now meet with them a couple times a week. We are building a strong relationship with the church and believing that they will all be saved.

- Malorie went back to the US to fundraise.
- After several months I finally received residency here in Latvia.
- It was a very rainy and cold month, we went through many changes as a team and learned to work together.
