

# Miyako Aim Report

**Travis Craig--Associate Missionary**  
Preaching Point Miyako-Jima  
Report of November 2018  
travycraig@gmail.com

Greetings from Miyako,

I am pleased to say that in the last couple months a lot has taken place here in Miyako. I have been able to make contact with some individuals in the hospital fighting cancer and have prayer with them. The man by no means got up and started dancing but I know the Lord touched him in a very special way. I have also been able to go into some of our friends' homes and have prayer with them. One reported the next day of being healed of all the pain in his ankle as well as the swelling, praise God. I know this may sound small but we are thankful for everything God has started and the direction we are going. God is continuing to move during our Sunday services and the Wednesday cell groups with guest coming all the time. Thank you all for your continued support always, God bless you all at the HQ.

Bro. Craig
