## Antigua Update

2018 & January, 2019

Greetings in Jesus Name!

Thank you for all your prayers. We have been very busy here teaching bible studies and doing outreach. Right now we have 8 bible studies going.

In October, we picked up a lady from St John Hospice. We had to carry her into the van and into the baptismal tank. She was in a lot of pain but when she came out of the water she was able to stand on her own with a smile on her face. She received the Holy Ghost in the water. A month later she went on to her reward. It so moved her friend Jerry, that he came himself later and was baptized and received the Holy Ghost.

Last November, we had a 28 yr old man Joel call me at 10 pm telling me he needed to be baptized in Jesus name and asked what he had to do. Joel came the next day and was baptized and received the Holy Ghost in the tank.

Sis. Simon talked with Nicola at work, only to find out she wanted the Holy Ghost. They went to Nicola's car to pray and there in her car she received the Holy Ghost.

Steve is a 70 yr old man who Bro. York wanted me to meet. I taught him a bible study and prayed Steve through to the Holy Ghost right in his home. The next service he was baptized.

We started something like a food bank to help the people get healthy food for a good price. It has helped a lot of the families. They are saving money and have more food to feed their families.

We ended 2018 with 20 being baptized, and 28 receiving the Holy Ghost.

In January, I went up to the hospital to pray for a lady named Jessica. She was there because of sugar diabetes and had some toes removed. I taught her a bible study, we prayed for God to fill her with the Holy Ghost and He did. Jessica is now home and doing better. As soon as she can get around she wants to come to church to be baptized.

In February, Joel brought his friend Ishorn who saw his need to be baptized in Jesus name. Just like Joel, he came Saturday afternoon was baptized and God filled Ishorn with the Holy Ghost in the tank.

Last Friday, Ravi came to youth for the first time and was baptized.

Sis. Sophia's sister from Jamaica came on Sunday, was filled with the Holy Ghost and was baptized. On Thursday she goes back to Jamaica a new creature in Christ Jesus. We are going to get her hooked up to a church there.

God is doing great things everyday. We THANK YOU for helping us to be here in Antigua, so we can work together in His Kingdom.

Many Blessings In Jesus Name,
