

Madagascar

February Report 2019

Thank you so much for your prayers and support this month!! February has been a blessed month here in Madagascar with good reports coming in from all over the island! We are happy to report that our language studies have resumed this month and progress has been made. We look forward to being able to share our heart with the Malagasy people in their own tongue. David has begun preach chapel service in our Bible School and we are scheduled to start teaching classes in March. Also we are thankful we were able to visit churches this month in our capital city.

Campus Ministries Madagascar has resumed this month! We are excited to work along side the National Youth Committee to invest in our young people attending university and to see revival in the youth here in Madagascar! We are looking forward to what God has in store for CMM in 2019! Please continue pray for CMM and our universities as we begin outreach.
