

Okinawa Prefecture, Japan

This **Easter** GIC took the **Gospel** to the streets with service in the park. One was baptised following the worship service! The **children** were targeted through action songs and games. The **community** was reached by the sound of praise and a public **baptism** in the river!

Prior to JUPC **General Conference**, our team **prayed** throughout the city of **Nagoya**. Once the conference began, I joined back to back music practices and sang in the **choir** for each worship service. At least **100** people were healed and several **baptisms** followed!

The Labour of Love

God showed us what it meant to labour for the sake of **love**. The **fruit** is the movement of **His spirit**. There are so many great things happening at GIC! I am incredibly **grateful** to be apart of this **team**!

“Remember without ceasing your work of faith, and labour of love, and patience of hope in our Lord Jesus Christ, in the sight of God and our Father;” 1 These. 1:3

Mother's Day preparations consisted of baking, decorating, cleaning and cooking! The team worked hard to make our mothers feel special!

We were blessed to see the fruit of the cross as God filled the young man whom was baptised just that week with the Holy Ghost at yet another powerful youth meeting.

There were 12 in attendance at our recent friend group meeting! The anointing of God's spirit moved in a fresh way. We thank God for a renewing and strengthening following our General Conference that is blessing the whole church.

Prayer Requests:

- God's blessing and favour as plans are made for the upcoming AYC team coming to Okinawa
- For saints to venture deeper into their relationship with God and be ready to turn and minister to others
- Provision for those God has called to Japan for their speedy arrival
