

APRIL REPORT

Of the Island of Madagascar

The Cadd Family in Madagascar

This month we were blessed with a busy and fruitful time filled with friends and revival. The month started off with the youth of Madagascar in District Youth Events that we are able to be apart of in our central region. David also finished teaching the One God class in our central Bible school, and will soon begin teaching again after our regional conferences.

We have continued to visit and encourage churches and pastors on Sundays and district meetings. We were also excited to celebrate Easter here in Madagascar we spent Easter in the country church in the eastern outskirts of Antananarivo, where David preached his first sermon in Malagasy. We have both continued our Malagasy studies and are growing in our ability to communicate, preach, and teach in their native tongue.

One of the highlights on our month was the our central region conference! Reverend Devon Anders visited to be apart of two conferences here in Madagascar! Our central region conference started powerfully with our Pastors of the region, and God continued to do great things with 1209 receiving/ refilled the Holy Ghost and 37 baptized in the name of Jesus!! Hallelujah!

Prayer Requests

- God would continue to bless our regional conferences
- Safe travels we and our national leaders are traveling to other regions of Madagascar
- Health and divine protection of sickness
- Lost Souls
