ANDORRA UPDATE

We can draw tremendous strength worshipping in a large group setting. However, we must not minimize the importance of individual settings. Philip in Acts 8 was called away from the multitudes to preach to an audience of one. Preaching the gospel, when obeyed, advances the kingdom of God regardless of the size of the group. At a coffee shop bible study, a young lady who recently received the Holy Ghost, asked why we dress the way that we do. That question prompted several weeks of teaching on holiness, and we're already seeing a change in her! We are so thankful that God has placed us here to reach individuals as well as multitudes for the Kingdom!

NATIONAL EVENTS

Ministers Camp

At the end of May Spain held a National Ministers Camp with 98 pastors and ministers along with their families in attendance. This year's meetings focused on marriage and family with special guest speakers, Shine & Lisa Doughty. It was a wonderful time of unity, fellowship and strengthening for the leadership of Spain.

Ladies Convention

What a great time we had in the presence of the Lord when over 700 ladies came to worship together in Madrid. This was record breaking attendance for a ladies meeting! The United Pentecostal Church of Spain is growing! The theme was "Otres Nuevos" or "New Vessels". Many went home new creatures in Christ Jesus! There were report of many healed and delivered, including deaf ears opened!

Pentecost Sunday

We rejoiced with so many of you as we saw reports on social media of what God did in your churches on Pentecost Sunday! We pray that Holy Ghost power will continue to fall in your churches and communities! We are thankful for what God did all across Spain and in Andorra as well. There were 121 filled with the Holy Ghost and 19 baptized in the name of Jesus!

Thank you for being a part of our team through your faithful support!
