

AIM to Latvia
Malorie Bovee
May 2019

May 1st-7th: Every week, we have a Russian Lesson where we learn new words or conjugations. This week, I read a Russian Fairytale about a little bun! It had some words that I am beginning to recognize, like "Grandma" and "Grandpa."

May 8th-14th: Bro. Kevin Erickson came and taught a wonderful lesson this week. We are grateful for everything that he has given and sacrificed to be with us in Latvia!

May 15th-21st: Warmer weather is here! That means Game Nights and Youth Nights can be outside! We are so thankful for the sunshine and warm sand after a long Winter. :)

May 22nd– 31st: Every last Saturday of the month, we have a Potluck Fellowship night. There is just something about being with the Church and eating food and fellowshiping with them. We thank God for each person that we are currently connected to and the ones that we soon will be connected to!

Shoes: A pile of shoes has not always had the best connotation in times past... As I walked past this pile of shoes in my entryway, the laughter flowing through the hallway, I realized that this is what it is all about. This is what the beginning of Revival looks like. A pile of shoes from the feet of people we pray for every day. A pile of shoes of people that God died for. They are who we are here to reach.

Prayer requests: May

- ◆ Pray against the Spiritual Strongholds in this city and that they would be torn down and that God’s structure would begin to be built.
- ◆ Pray for the newest AIMer’s that have just arrived in each of their cities across Latvia and that they would change the city they are in and that their lives would be changed.
- ◆ Pray that God would send more laborers to the field. And that money would not be a problem for those coming and already on the mission field.
