

May Report

From the Island of Madagascar

The month of May we were blessed to be apart of two district conferences in Madagascar. We traveled to the city of Antsirabe in our MidSouth Region with Reverend Devon Anders and had a powerful preachers conference where we were refreshed and challenged! We have also continued our language studies and growing our ability to speak every week.

We have also continued weekly meeting at Ankatso university with Campus Ministry Madagascar, and we are seeing growth!

We have also continued visiting churches in our capital city of Antananarivo. We were blessed to be apart of of services celebrating new building projects for growing churches!

Thank you so much for giving your prayers and finances so we can be apart of what God is doing here in Madagascar! We pray God's blessing upon you! We ask for your continued prayers for our safety and health as we continue to travel for district conferences across Madagascar.
