

DRIGGERS- A.M. TO SPAIN

ASSOCIATE MISSIONARIES

May has come and gone and was a refreshing month!

- We have started a second home group in El Prat once a week. We now have two groups being held in homes during the week, and have 2 more possible groups “in the works”!
- We continue making new contacts in El Prat, and the Lord is doing great things in the small groups and in the services!
- At the end of May we completed 2 years on the field in Spain! We are thankful for His direction and provision.
- We finished the month with our National Pastors and Ministers camp. There were 98 ministers and pastors and over 220 total in attendance! It was a wonderful time of unity and restoration for those working throughout the nation! We are thankful for the leadership of Spain.

THE LORD IS DOING GREAT THINGS IN EL PRAT

MINISTERS AND PASTORS RETREAT

WE BEGAN OUR SECOND HOME GROUP IN EL PRAT

Claiming the Families of El Prat

This month, we began our second “Grupo de Vida,” which are small, home groups. This replica of the early Church in Acts is a large focus of evangelism and church growth here in Spain, and it was the base of our church in El Prat. It is our desire to see home groups in all the major areas of El Prat. As of now we have one group on each side of the main road in El Prat.

We held our first meeting for the new group in the park nearby. As we began to sing, families quickly became aware of us. It was not long before a group of children came over to “check us out.” Initially, I believe they came over to be a distraction and interrupt what we were doing. However, as we continued singing and worshipping, they stood behind us listening and watching. They began to play behind Jared as he taught the short devotional.

They would stop occasionally, clearly listening to what he was saying.

We later began to think how that was likely the first encounter those children and families had had with the Bible, with the Truth. Because it is less populated and less crowded than Barcelona, El Prat seems to be a place where more families live and has a very family-focus feel.

We have an opportunity in El Prat to reach these children and their families. We are claiming entire families, a Sunday school department that is full, raising up a church of first-generation believers who build the firm foundation for generations to come. Pray with us for the families of El Prat!

God bless!

Jared & Jeanna Driggers
