Missionary Report.

Greetings from Paraguay!

It's autumn here and the winter is upon us! God has been good to us and continued to show His mercy and grace. As some of you may have already seen in the recent news, Paraguay and the central part of South America have received an abnormal amount of rain recently. As a result of this, the two major rivers in the country (Paraguay & Paraná Rivers) have overflowed their banks and displaced thousands of people across the country.

One of our churches in the city of Pilar, Paraguay was recently flooded due to the overflowing rivers. A couple of ministers from our local church and I loaded up the truck with provisions and carried them out to our church there to assist in this difficult time. Our church building received minimal damage; however, there are still many people, as well as some of our church members, who have been affected adversely by the flooding. We need to continue to pray for relief in these areas that God would stop the rain and continue to provide for those in current despair. Thank you to all who have prayed and reached

out to inquire about the recent flooding

Despite the natural flooding, we are still seeing a flooding of the Spirit in our churches as well! Revival is happening in Paraguay and we are believing for an even greater revival than that which we have seen. In a recent revival service in our Asunción church, 7 were filled with the Holy Ghost and another 5 were baptized in Jesus Name!

Our bible study groups have been continuing to grow as well! Just last week, I began a bible study with another young man who is very eager and hungry to know more about Jesus. He had never attended much of any kind of church before. This past Sunday, he came to the altar weeping beneath the move of God's Spirit. People are hungry! My neighbors, downstairs, have also been asking questions about church and the Bible. We are working on beginning a bible study with them as well. God is sending the harvest! We are just blessed and grateful to have this opportunity to be used by Him. Thank you all for your continued prayers and support. We love and appreciate you all.
