Greetings from the heart lands of South America!

Burr! It's nice and cold here as the winter in the southern hemisphere has begun! But that hasn't stopped the work of the Lord from heating up! We are excited to be able to share with you some of the great reports coming from way down south!

Our K12 school just went into winter break and our over 300 kids in the school have been having a great year so far! Even better news is that we have a couple new families connected via the school that have now started attending more frequently on Sunday mornings in our worship services! The school has been, and is continuing to be, an avenue for the Lambaré church to reach into the depths of our community.

I am also excited about some of the new bible studies I've been kicking off lately. God is opening new doors for us. The meat vendor on the corner of my street has begun talking to me about the Bible, as has the grocer across from my apartments. Additionally, God has opened the door for me to be able to connect with two different neighbors in my complex! New bible study connections and lessons are starting almost weekly!

I have a special prayer request I'd like to ask you all to keep in mind. During some of my visitations this past month, I met a family in a nearby neighborhood who has never attended our church. Their daughter is 15 years old and has kidney failure. They are waiting on a list for a transplant, but they are not sure they can even afford it if one does become available. Please keep this family in your prayers. I believe God can and will heal this girl. I will be returning regularly to continue praying and being with this family.

On a more positive note, while in Argentina this past month, I had the privilege to minister at a weekend youth retreat and then during the Sunday service for Pastor Victor Vega. At the retreat on Saturday, 2 received the Holy Ghost for the first time while youth remained in the altars until well past midnight! On Sunday, another was filled with the Spirit and 10 received miraculous healings! Pastor Vega texted me after I returned to Paraguay to tell me that the following Sunday one of the guests from the previous week returned and was baptized in Jesus Name! To God be the Glory!

Thank you for your continued prayers and support for the work in South America. We love and appreciate every one of you more than you know! God bless!
