

News from the Field

Week 1– Revival by Design training with entire Latvia missions team. We were renewed in faith and expectation for use of the Gifts of the Spirit available to all Spirit-filled believers for evangelism!

**Thank you
for your prayers
and support!**

Sis. Arie May Riga, Latvia June 2019

Week 2–My team spent a week of fasting & daily prayer walks to do spiritual mapping and claim dominion in our territory. On the final day, we were able to share Truth with a man and pray with him. He became the first fruits of many contacts!

Week 3– The Campus Ministries Seminar included missionaries, AIMers, & national pastors and leaders with a desire to launch CMI on the university campuses in their countries. There is a revival field of leaders waiting to be harvested!

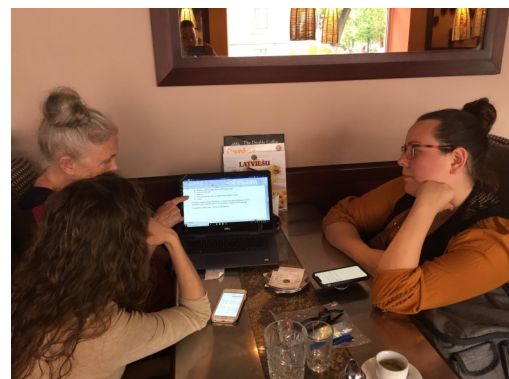

Week 3–Just before 4 a.m., I awoke to the sounds of fire and electricity exploding. I thought it was fireworks from the previous day's holiday celebrations, but soon realized the neighboring building was on fire! Our building was evacuated, but we prayed in Jesus' name, and the fire did not spread. To God be the glory for His protection!

Our team meets for practicum (street evangelism) and house church each week. God has met us each time and we even had a visitor renewed in the Spirit!

The Oneness Conference with Bro. David Bernard was tremendous! Taught in English and interpreted in Russian, attendees from many countries gained scriptural support for the Oneness.

My team working hard to prepare ESL lessons to teach at the Campus Ministries (CMI) seminar. Many attendees gained valuable instructor training.
