Revival By Design training

Dear Supporters,

Thank you so much for your help to get me onto the field! It seems like I did nothing but fundraise during the last few months. But, after being here for just a short time, I can confidently say it was worth every second! This journey has already proved to be absolutely amazing!

June was full of practical things like training, residency paperwork, and figuring out public transportation. I'm happy to say I only got lost in Riga once! Anyway, training was one of the greatest experiences of my life. I sat along side some of the most wonderful people I've ever met and learned things such as the culture, how the Gifts of the Spirit truly work, and how to effectively minister to the people around me. We went on prayer walks around the city, prayed with people, and made some awesome friends! We also had the opportunity to attend two seminars to further our knowledge in teaching, Campus Ministry International (CMI) and Global Association of Theological Studies (GATS). Then, the last event before we left for Poland was the Oneness Conference with Bro. Bernard. God moved in mighty ways during all these events and I'm thankful to have been a part of them!

June 29, the Poland team and I jumped on a bus for a thirteen hour ride to Warsaw. It was a long trip, but as soon as we came into Warsaw, we knew it was all worth it. We were finally here! The next day, we explored parts of the city and had dinner at a cute Polish restaurant.

I am very thankful to be a part of the team in Warsaw. We are excited to work with God and see Him transform the lives in this beautiful city. Thank you to everyone who has invested in this vision by giving and praying for us. Without you, this would not happen!

Blessings,
