

AIMing For Finland

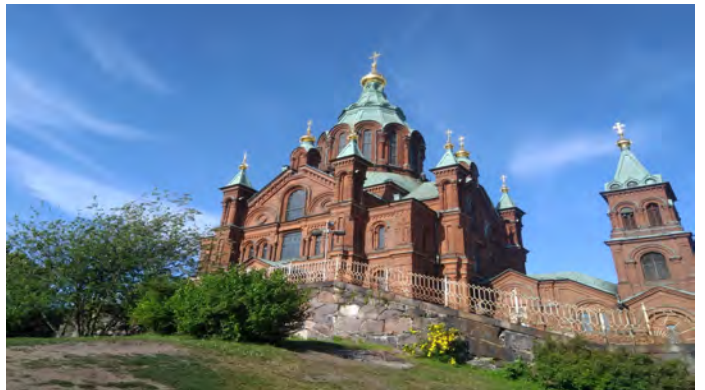

June 2019

A huge thank you to all of our supporters, both financially and in prayer! Because of your support, our family arrived in Finland on June 16th! We were all smiles (even after some airplane sickness!) as we united with our missionary family!

With Nordic Conference only a few weeks away, time was of the essence, we had our first team meeting and began prayer walking the streets of Helsinki. The city was mapped out into 26 separate zones, each zone needing its own priority of prayer. We are convinced that God is going to do great things in response to the united efforts and prayers!

We have been able to explore several areas of Helsinki, and Suomenlinna which is a historic 18th century military fortress. (Right: Suomenlinna, Below left: Tuomiokirkko - Helsinki Cathedral, Below right: Uspenski Cathedral)

We are excited about the work God has already started and looking forward to what He is going to do in Nordic Conference and in Finland!
