

## **Aim Report for June 2019**

**By: Keylee Taylor**

**June 2nd-June 8th**

The first week in Latvia we had training with Mark Shutes, Luke Havens, and Dennis Uecker. We went over some key points in RBD, but God decided to take us in different directions from the schedule. Some of us were used in spiritual gifts that we have never been used in before. The outpouring of God was amazing and that was just the beginning.

**June 9th-June 15th**

This was my first week in my city of Ventspils with my teammates Malorie Bovee, and Nick Wallace. We each took a day of fasting, prayer walked, had accountability meetings, and evangelized. I was able to spend the day with one of our disciples. We got to know each other and she showed me around the city. I also met some of the other contacts on our weekly game night. On Sunday, we had a full house church with Luke and Larissa Havens, and Abigail Trapani joining us and we had one confirmed receiving the Holy Ghost.

**June 16th-June 22nd**

We traveled back to Riga for CMI training this week and learned about reaching campuses. On the way back to Ventspils, we made a contact on the bus after having some technical difficulties and he translated for us. He even joined us for game night the next day! After game night was

the most exciting part of the week because we baptized another person!!! That weekend we had the Oneness conference and Celebration Service in Riga.

**June 23rd-June 29th**

This was probably the most challenging week of the month since our team leader, Malorie, had classes in Riga; it left Nick and I to go out on our own. We prayer walked, met with our disciples, and evangelized. We made a contact in a park and went to a restaurant that he was a chef at. There was also a “surprise” birthday party for Malorie that we had a lot of our contacts come to. Despite this being the most challenging week, it was very successful and pushed boundaries that needed to be knocked over.
